

We want our pupils to RISE

Resilient Independent Skilled Expressive

Music is a vital part of the curriculum for our pupils. We often find that pupils respond to and access learning through music, for example as part of a welcome to class in the morning or a song to support learning new vocabulary in maths, literacy or any of our themes, as it helps them to remember learning in a fun way. Pupils are also able to express themselves through exploring instruments and songs in specialist music lessons. Pupils can use sound to understand and express feelings and emotions which they may struggle to communicate otherwise. They explore different cultures and communities through songs and learn to perform in front of others. Some children join our school choir which performs at different events. Pupils are provided with a potential lifelong hobby that they can enjoy either alone or use to make a connection with others.

Love – Learn - Laugh
