

Occupational Therapy (OT) Service Delivery Model

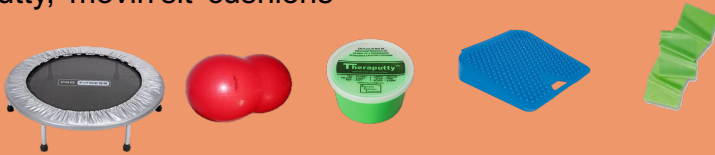

Universal provision

Staff training:

- independence in self-care activities
- supporting regulation
- writing and typing
- equipment use

Classroom equipment:

- trampoline, peanut/therapy ball, resistance bands, putty, movin'sit cushions

Curriculum input

Signposting (upon request)

Targeted provision (OT caseload)

Individualised input from an Occupational Therapist Including:

- observation and assessment
- adaptation of activity/environment
- individualised equipment trials and resources
- modelling and coaching of education staff and/or families
- monitoring of implementation and impact of recommendations
- target setting
- report for annual review
- attendance at annual review (Years 2, 6, 9)
- meetings with class teams and families

...in order to promote pupil's engagement and independence in self-care, learning and play/leisure activities and their well-being.

On admission to an RPT school, a pupil will either be placed on the OT universal pathway **or** the OT caseload:

No specified OT contacts in Section F of EHCP

Specified OT contacts in Section F of EHCP **AND** school have confirmed that they can meet this need

Universal pathway

Pupil will access **Universal provision** (see back of page for details)

OT caseload

Pupil will access **Universal and Targeted provision** (see back of page for details)

A pupil on the universal pathway will be admitted onto the OT caseload **if** they are assessed by an OT as requiring targeted input following referral*

**Please see full OT service delivery model for more information on referral process*

A pupil on the OT caseload will be moved to the universal pathway if they are assessed as by an in-house OT as no longer requiring targeted input*

**OT provision is reviewed yearly as part of the annual review process, please see full OT service delivery model for more information*

If you have any questions regarding your child's OT provision, please email ot@therisepartnershiptrust.co.uk
The full OT Service Delivery Model can be found on the 'Our Therapy Team' page on the Trust's website:
